

ES32 Battery-Powered Cable Cutter

More Power, Less Weight

The new Greenlee ES32 cable cutter represents a significant advancement in battery-powered tool technology. The ES32 offers an unmatched combination of small size, light weight, ergonomic feel, and fast “cuts all” at a great price. The ES32 features unique two-step scissors style cutting blades to cut up to 500 kcmil (240 mm²). This scissors style along with the thin profile of the tool makes it easy to cut cable in tight places. The ES32 also features a patented “friction drive” that results in a small and lighter tool.

Using the ES32 is easy. For cables less than 500 kcmil (240 mm²), simply put the cable as deep as possible between the blades and pull the trigger. When the cut is complete the tool will stop and the blades will automatically open for the next cut. Cutting 500 kcmil (240 mm²) cable requires two cycles. First, put the cable as deep as possible between the blades and pull the trigger. When the cycle is complete and the blades open, move the cable deeper between the blades and pull the trigger again. This time when the cycle is complete the cable will be cut cleanly and completely.

PRODUCT FEATURES

- **Small, light weight**, ergonomic shape.
- **Patented** friction drive.
- **Cutting blades automatically open** when the cut is complete.
- **Cutting head rotates 350°** for access to tight spaces.
- Tool completes approximately **80 cutting cycles per battery charge**.
(Note: Cutting 500 kcmil cable requires two cycles per cut)
- **Hardened blades** provide long life.
- **Tool is equipped with two batteries**, carrying case, and either a 120 volt, 12 volt, or 230 volt battery charger.

SPECIFICATIONS

Battery Voltage:	9.6 volts
Length:	15 3/4" (400 mm)
Weight:	4 lbs. (1.8 kg)
Battery Charge Time:	Approximately 50 minutes

ORDERING INFORMATION

CAT. NO.	UPC NO.	DESCRIPTION	QTY
ES32-11	12114	ES32 Cable Cutter w/120 volt charger	1
ES32-12	12115	ES32 Cable Cutter w/12 volt charger	1
ES32-22	12116	ES32 Cable Cutter w/230 volt charger	1
